 Spezia, Italy

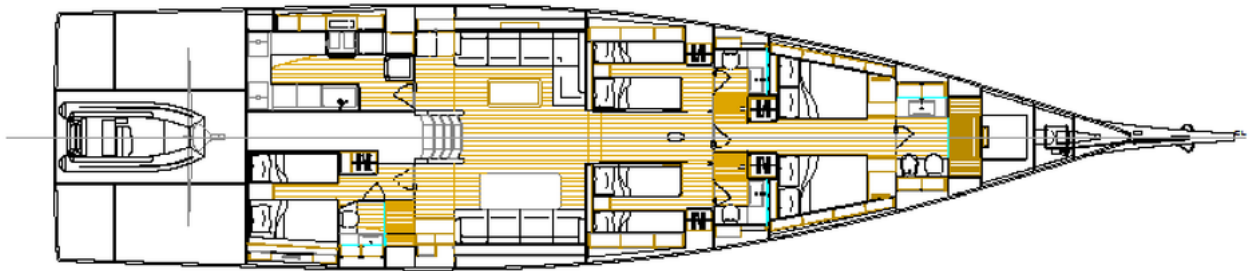

The Mylius 80 is a high performance sailing yacht that seamlessly blends advanced composite construction with refined Italian design. Launched in 2018, she has been conceived to deliver exhilarating sailing performance while maintaining exceptional comfort for cruising.

Built in carbon fiber composite sandwich, her lightweight and stiff structure ensures speed, stability and precise handling in a wide range of conditions. Her sleek, powerful lines give the yacht a timeless and confident presence on the water, equally at ease during fast passages or relaxed cruising. On deck, the layout is clean and efficient, designed to support easy sail handling without compromising comfort. Twin steering wheels, recessed hardware and a well-protected cockpit create an ideal environment for both experienced sailors and guests.

INSIDE LAYOUT

Below deck, the interior features warm teak finishes and a contemporary, understated style. Abundant natural light enhances the sense of space, while the layout accommodates up to six guests in three comfortable en-suite cabins, plus dedicated crew quarters.

The saloon offers inviting areas for dining and relaxation, perfect for life on board.

Well maintained and fully equipped, this Mylius 80 is a compelling opportunity to own a fast, elegant and versatile sailing yacht, ready to be enjoyed immediately.
