DESIGN & PERFORMANCE

The Wally WHY200 combines Wally's unmistakable design with impressive performance, exceptional comfort and generous living spaces.

Powered by 4 x Volvo IPS 1,350 engines, she delivers excellent speed, efficiency and maneuverability, supported by the Volvo Dynamic Positioning System. Her striking metallic Silver hull and superstructure, sleek lines and contemporary profile create a truly distinctive presence on the water.

Designed for effortless indoor-outdoor living, the yacht features expansive exterior areas, multiple bimini shades with carbon poles and a generous bow area. The spacious upper-deck salon, with sliding windows and electric doors, connects seamlessly with the sea, while the main salon features a refined country kitchen with Miele appliances.

A Seakeeper NG18 stabilizer ensures a smooth and comfortable experience both underway and at anchor, while the 200,000 BTU Tropic A/C system maintains comfort throughout the yacht.

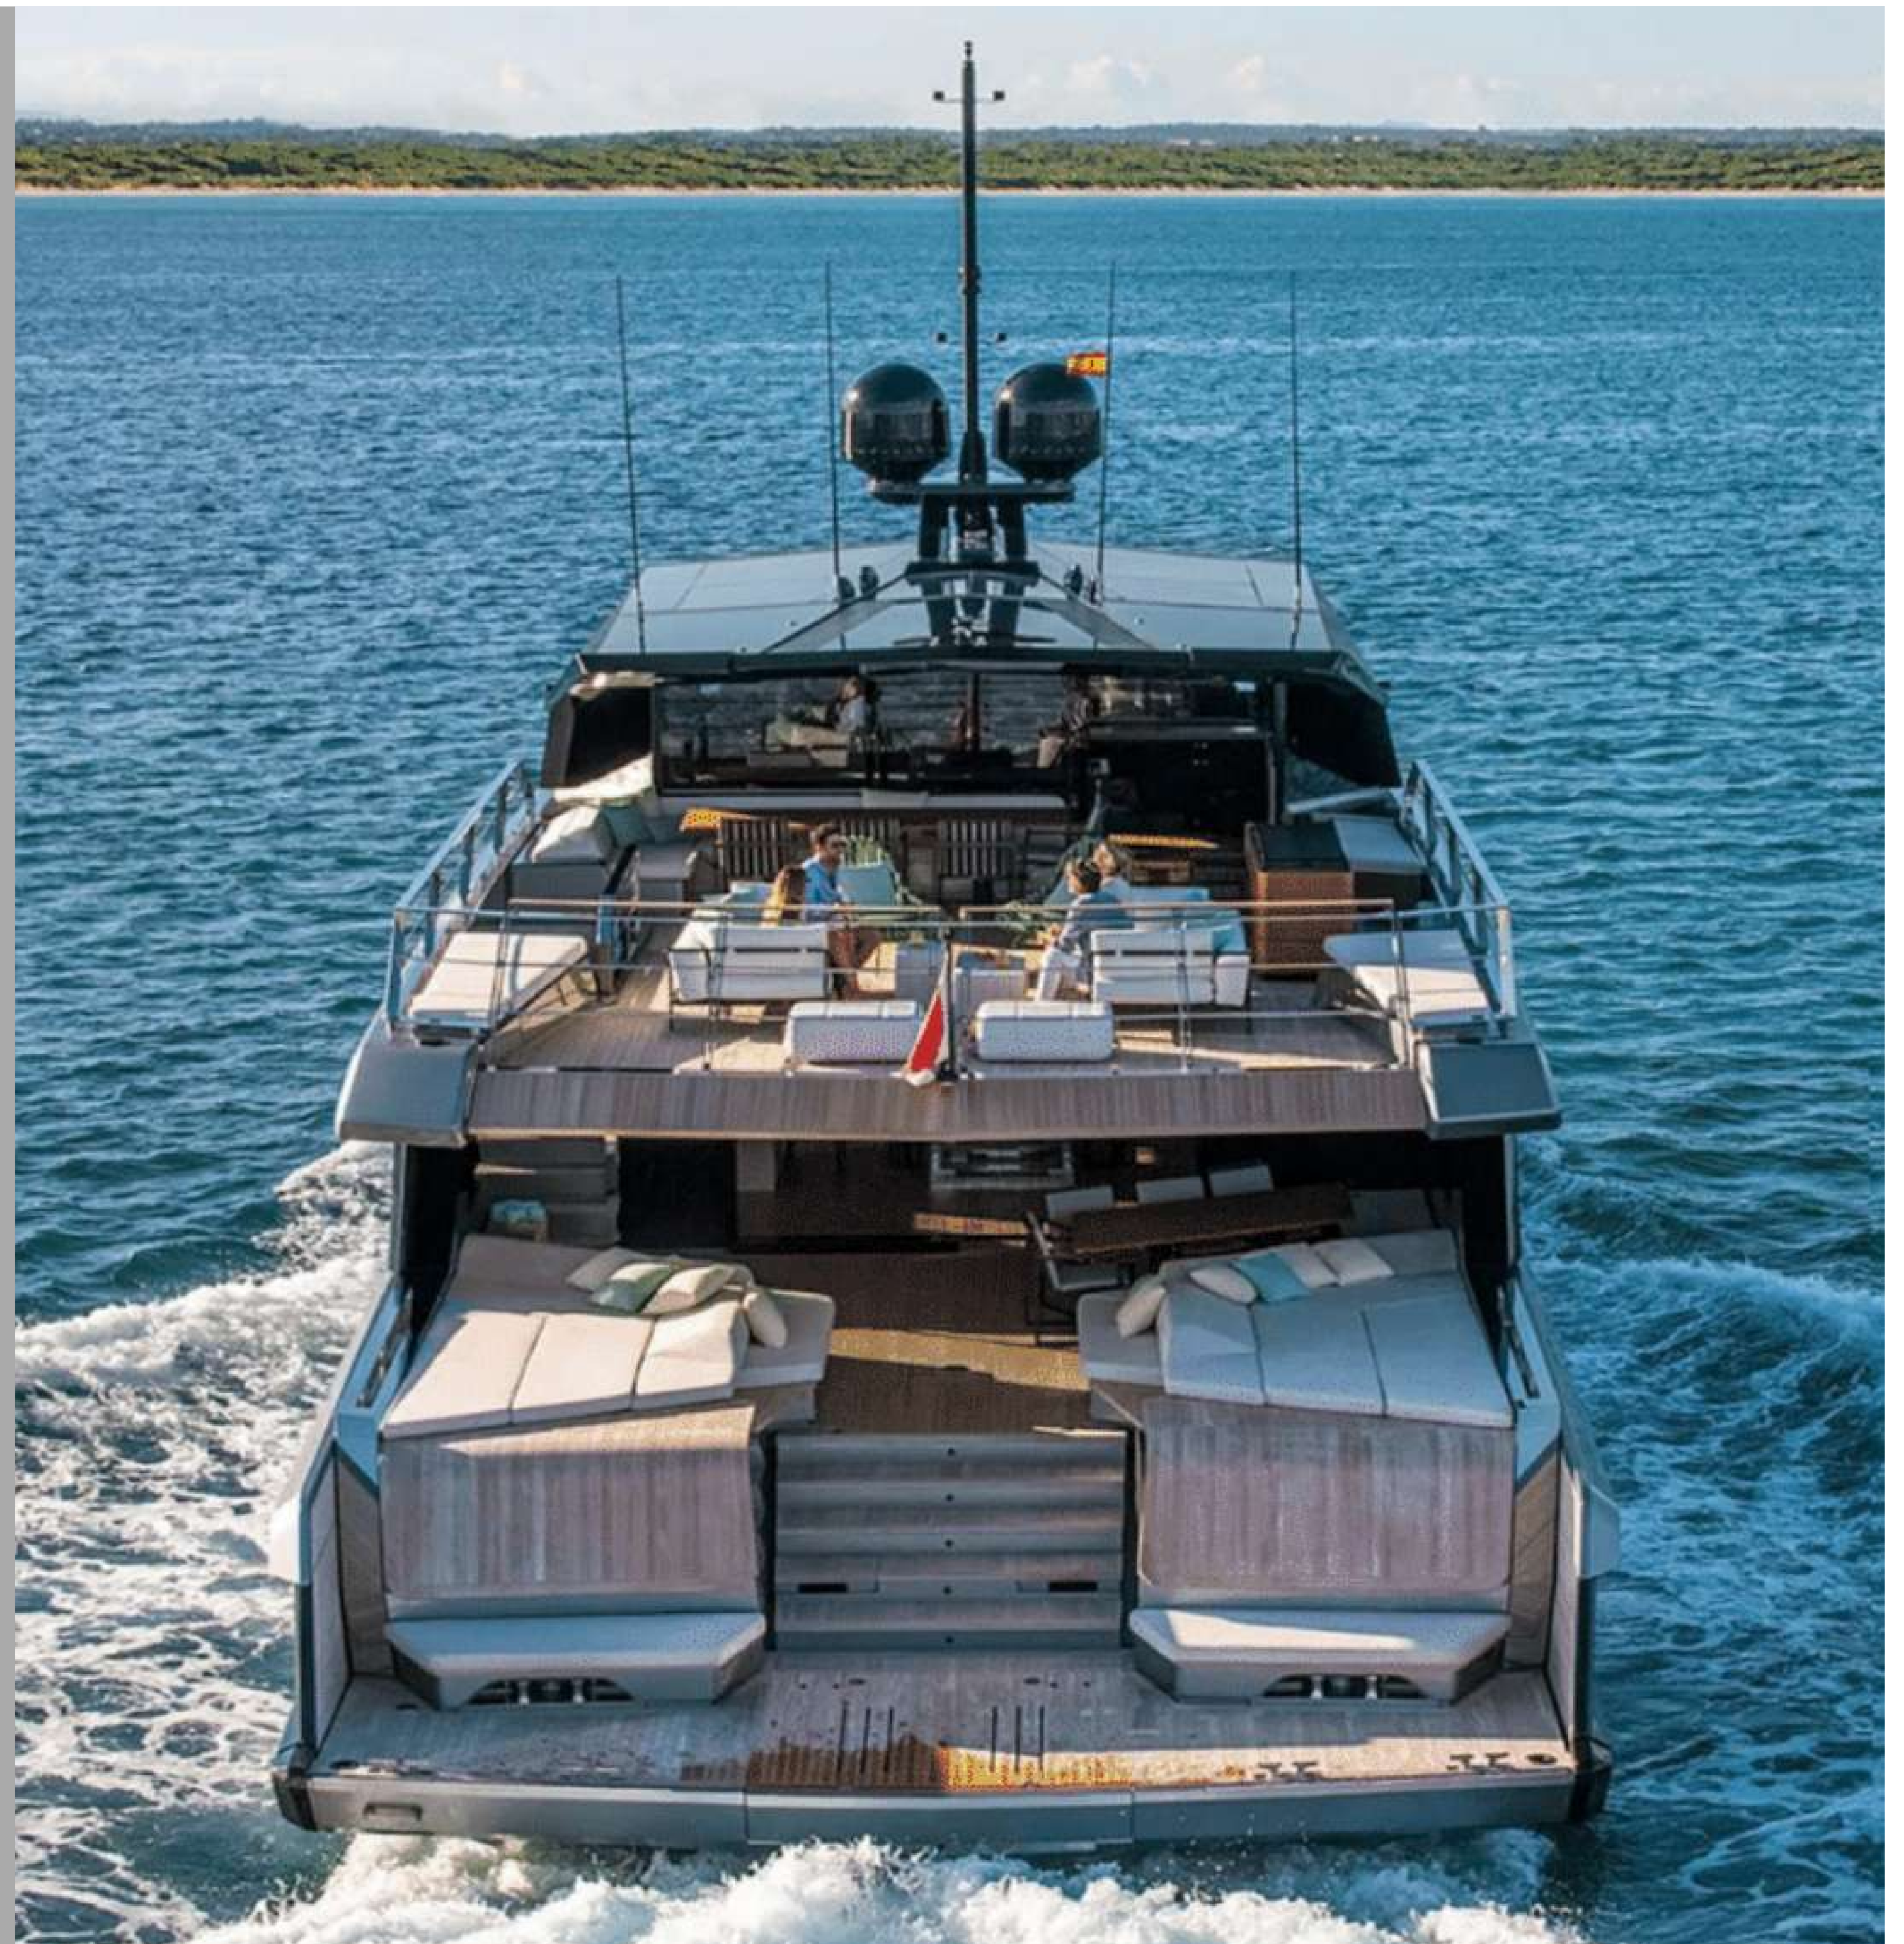

MADE FOR LIFE AT SEA

The WHY200 offers refined accommodation including an elegant owner's suite and VIP cabin, complemented by 55" TVs, Apple TV HD, premium internet connectivity and an integrated A/V system.

Outdoor living is enhanced by spacious deck areas and a portside garage crane capable of lifting up to 600 kg, allowing easy handling of the tender and personal watercraft.

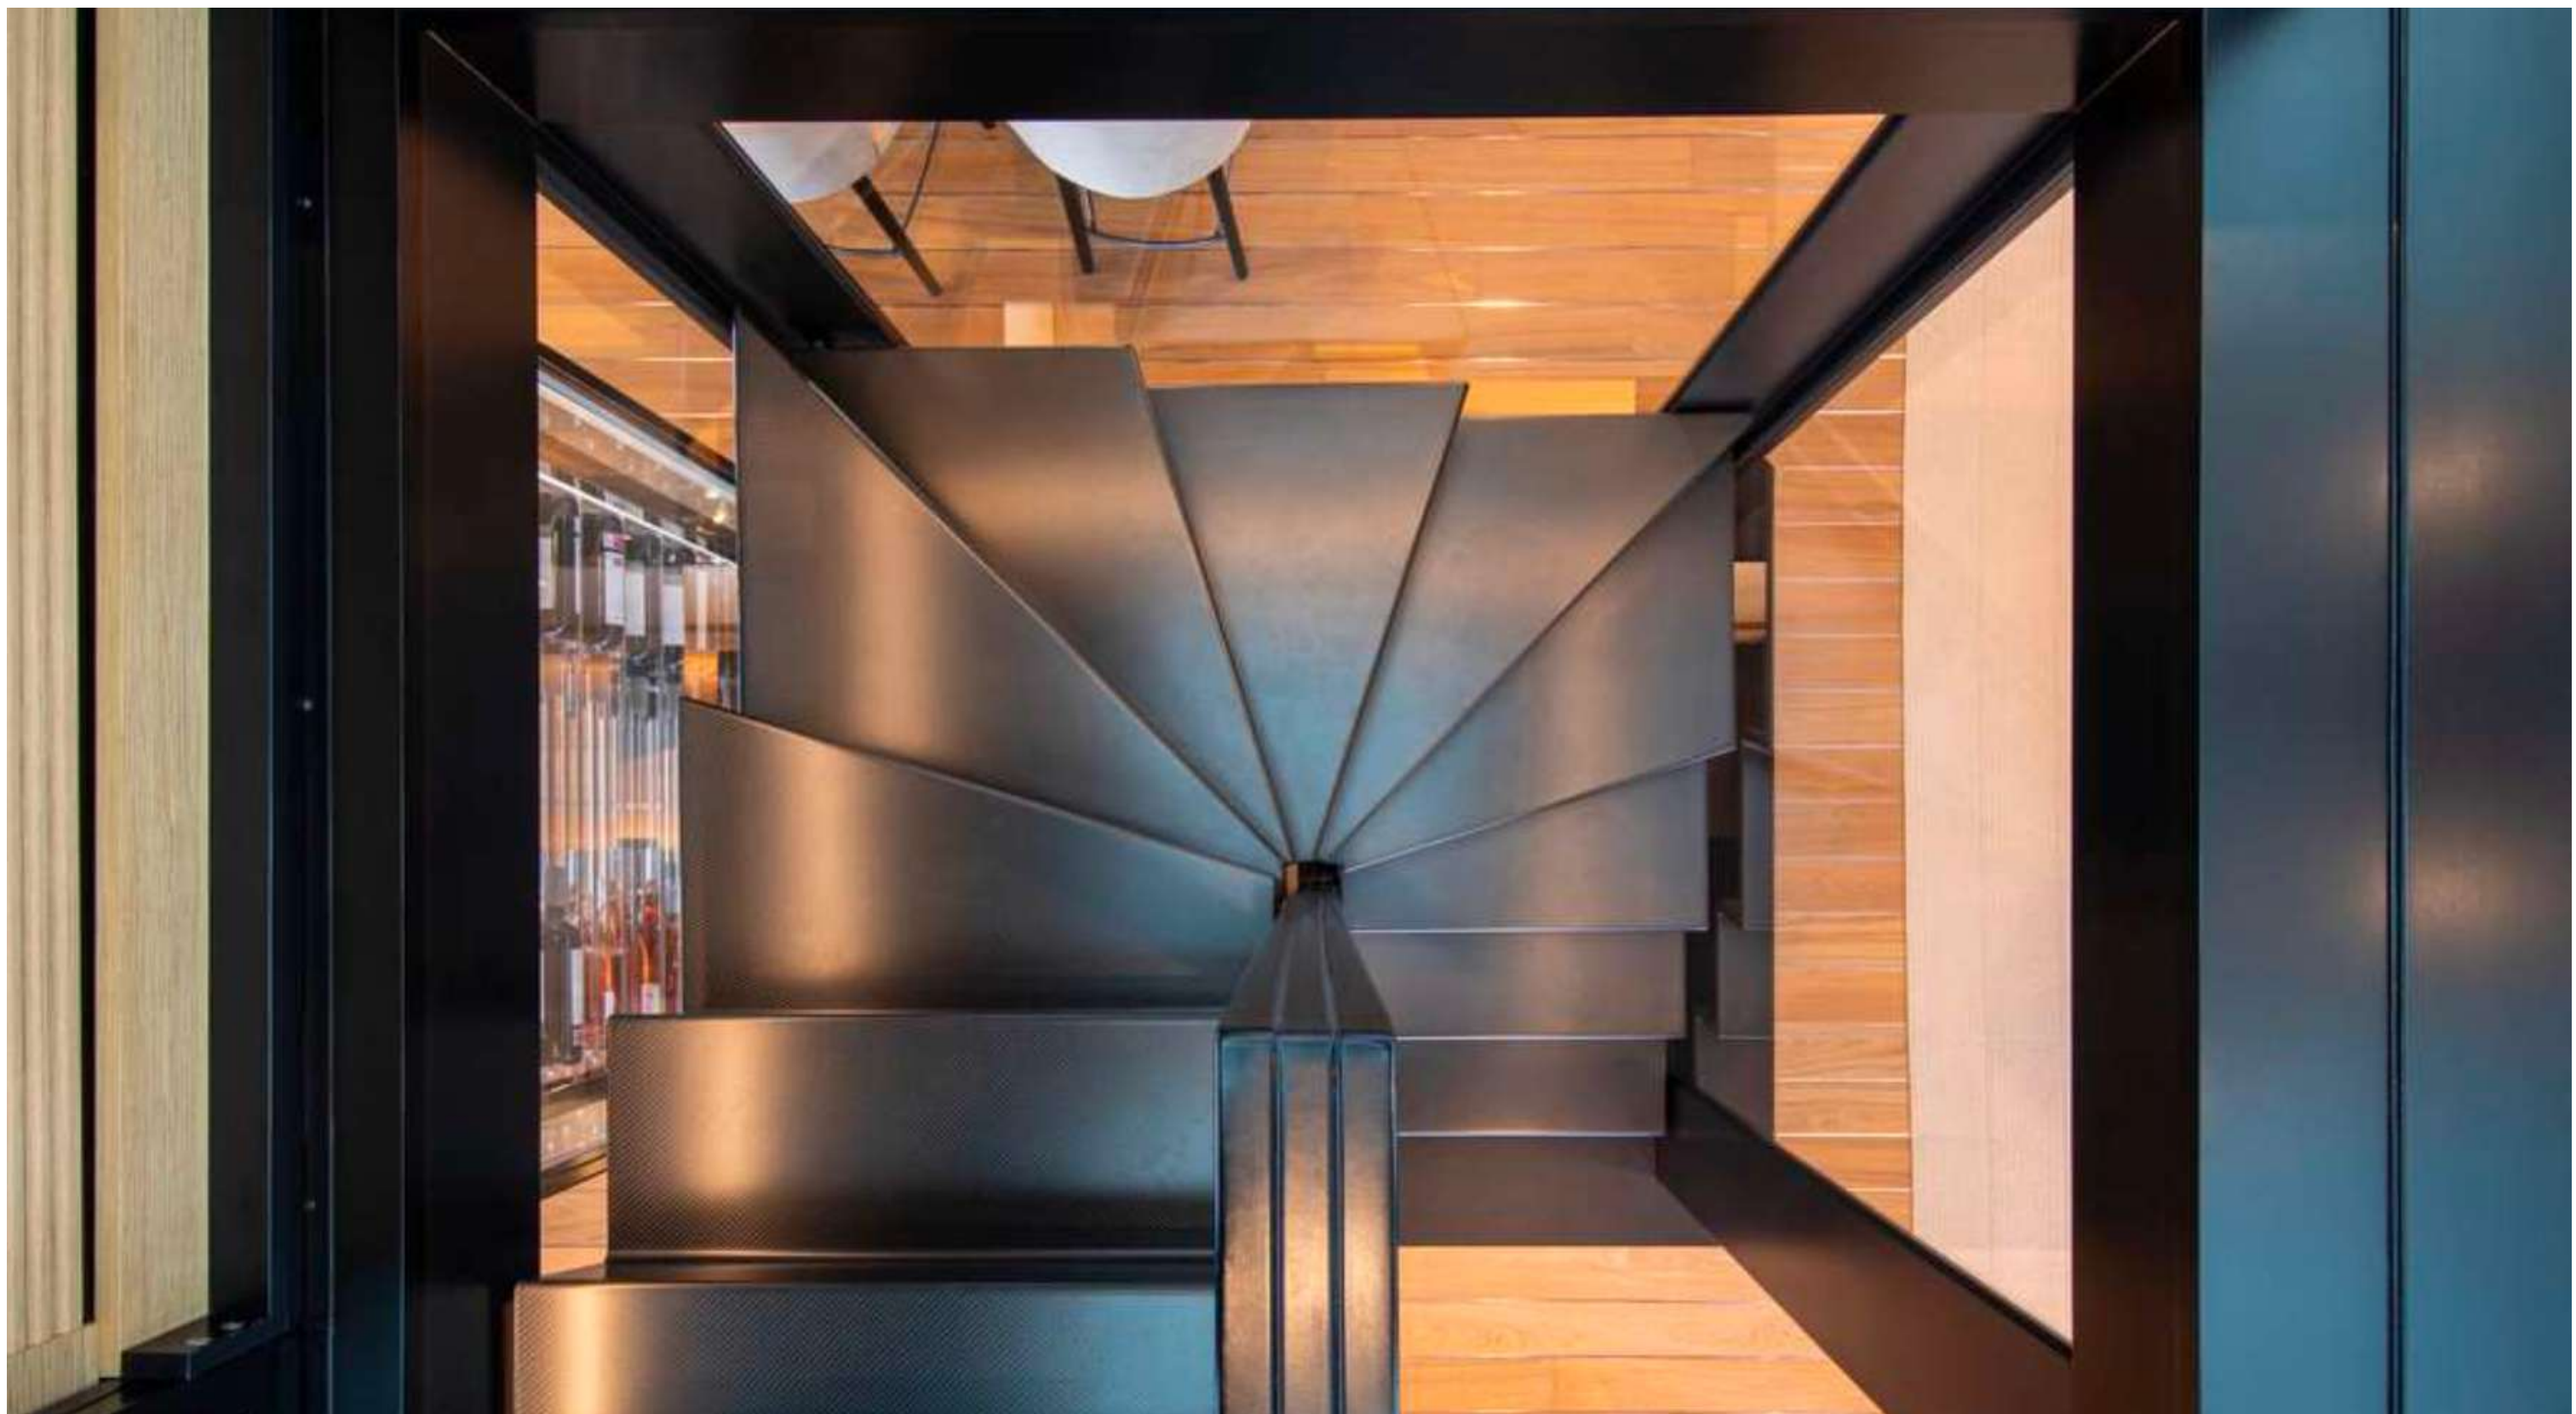

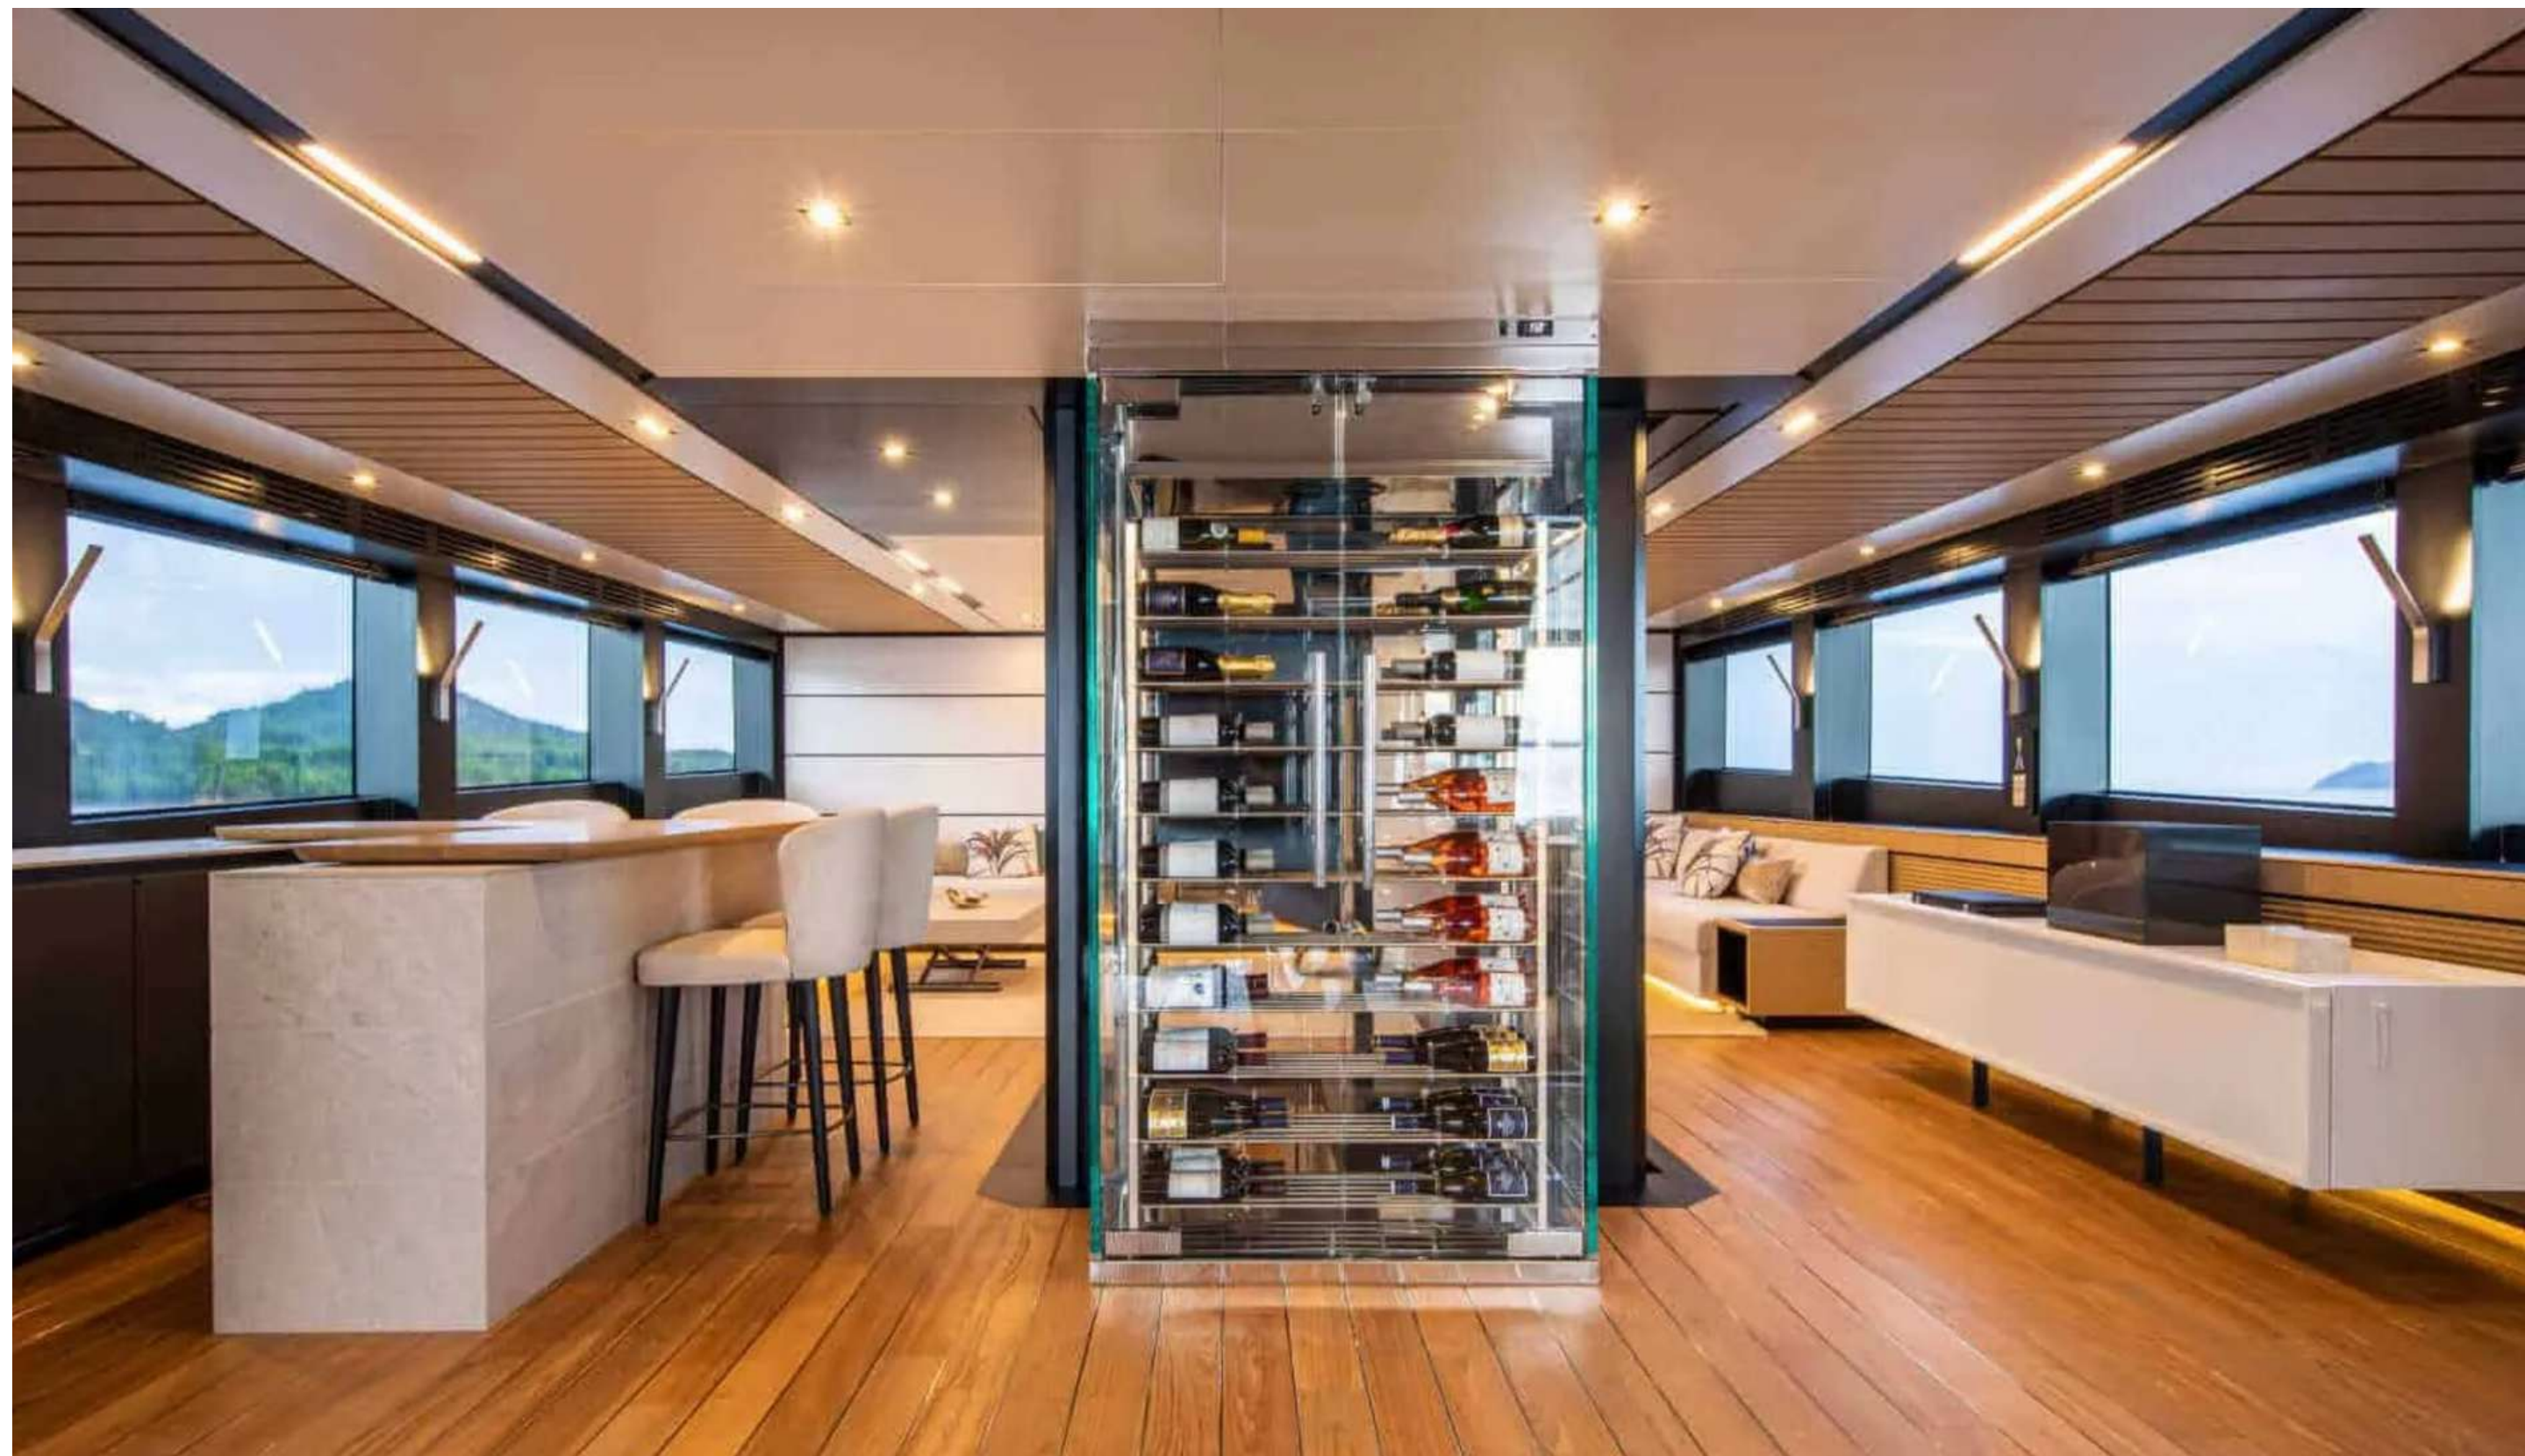

Advanced navigation and safety equipment includes AIS, Halo 6 radar, FLIR thermal camera and weather station, together with certification for up to 20 passengers.

Fully compliant for commercial charter under the Maltese Flag, the Wally WHY200 is ready for operation — an exceptional opportunity combining iconic design, comfort, performance and strong charter potential.
