Constructed in single-skin GRP and finished in Flag Blue gelcoat, the yacht features a deep lead fin keel and a composite rudder that deliver stability, control and a direct feel at the helm. The deck is structured for active sailing, with teak-laid surfaces, quality deck hardware and a removable bowsprit supporting a versatile sail plan.

This Swan 48 Regatta version is a performance-driven sailing yacht designed for offshore sailing and competitive racing. Built in 2002 and conceived by Frers Naval Architecture, she combines a well-balanced hull, responsive steering and a layout optimized for efficient sail handling.

DECK&INTERIOR LAYOUT

Below deck, the interior is practical and welcoming, with satin-finished teak, well-organized accommodation and systems designed to support longer passages. Carefully maintained and upgraded, this Swan 48 Regatta offers a compelling blend of classic design, offshore capability and proven sailing performance.
